

MATERIAL SAFETY DATA SHEET

	1. Product and Company Identification			
Product number	203-003			
Product name	Rubber Cleaner & Rejuvenator			
Effective date	12-Feb-2010			
Company information	Sprayway, Inc. 1005 Westgate Addison, IL 60101 United States			
Company phone	General Assistance 630-543-7600			
Emergency telephone US	800-424-9300			
Emergency telephone outside US	703-527-3887			
Version #	07			
Supersedes date	10-Aug-2009			
	2. Hazards Identification			
Emergency overview	FLAMMABLE Aerosol. CONTENTS UNDER PRESSURE. Will be easily ignited by heat, spark or flames. Harmful in contact with eyes. Prolonged exposure may cause chronic effects.			
Potential health effects				
Eyes	Contact may irritate or burn eyes.			
Skin	Frequent or prolonged contact may defat and dry the skin, leading to discomfort and dermatitis.			
Inhalation	Intentional misuse by concentrating and inhaling the product can be harmful or fatal. Prolonged inhalation may be harmful.			
Ingestion	Exposure by ingestion of an aerosol is unlikely. May cause delayed lung damage. Components of the product may be absorbed into the body by ingestion.			
Target organs	Central nervous system. Lungs.			
Chronic effects	Conjunctiva. May cause central nervous system disorder (e.g., narcosis involving a los of coordination, weakness, fatigue, mental confusion and blurred vision) and/or damag Frequent or prolonged contact may defat and dry the skin, leading to discomfort and dermatitis. May cause delayed lung injury.			
Signs and symptoms	Discomfort in the chest. Corneal damage. Narcosis. Coughing. Conjunctivitis. Defatting of the skin. Skin irritation.			

Components	CAS #	Percent
Light Aliphatic Solvent Naphtha	64742-89-8	30 - 40
Propylene Glycol Monomethyl Ether	107-98-2	20 - 30
2-Methyl-2,4-Pentanediol	107-41-5	15 - 20
Dipropylene Glycol Methyl Ether	34590-94-8	10 - 15
Isopropyl Alcohol	67-63-0	8 - 10
Carbon Dioxide	124-38-9	3 - 5
Non-hazardous and other components below reportable levels		0.1 - 1

4. First Aid Measures

First aid procedures	
Eye contact	Remove contact lenses, if present and easy to do. Continue rinsing.
Skin contact	Wash off with warm water and soap. Get medical attention if irritation develops and persists.
Inhalation	If symptoms develop move victim to fresh air. Get medical attention if symptoms persist.

Product name: Rubber Roller Cleaner Product #: 203 Rubber Cleaner & Rejuvenator Rinse mouth thoroughly. Get medical attention immediately. Do not induce vomiting without medical advice. If vomiting occurs naturally, have victim lean forward to reduce risk of aspiration. Do not use mouth-to-mouth method if victim ingested the substance. Induce artificial respiration with the aid of a pocket mask equipped with a one-way valve or other proper respiratory medical device.

	5. Fire Fighting Measures
Flammable properties	Heat may cause the containers to explode. Runoff to sewer may cause fire or explosion hazard.
Extinguishing media	
Suitable extinguishing media	Water fog. Alcohol foam. Dry chemical. Polymer foam. Dry chemical powder. Carbon dioxide (CO2). Do not use water.
Protection of firefighters	
Protective equipment and precautions for firefighters	In case of fire and/or explosion do not breathe fumes. Containers should be cooled with water to prevent vapor pressure build up. Move containers from fire area if you can do so without risk. For massive fire in cargo area, use unmanned hose holder or monitor nozzles, if possible. If not, withdraw and let fire burn out.
	6. Accidental Release Measures
Methods for containment	Stop leak if you can do so without risk. ELIMINATE all ignition sources (no smoking, flares, sparks or flames in immediate area). Move the cylinder to a safe and open area if the leak is irreparable. Stop the flow of material, if this is without risk. Prevent entry into waterways, sewer, basements or confined areas.
Methods for cleaning up	Use a non-combustible material like vermiculite, sand or earth to soak up the product and place into a container for later disposal.
	Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.
	7. Handling and Storage
Handling	Pressurized container: Do not pierce or burn, even after use. DO NOT handle, store or open near an open flame, sources of heat or sources of ignition. Protect material from direct sunlight. Use only in area provided with appropriate exhaust ventilation. Do not use if spray button is missing or defective. Do not re-use empty containers. Avoid prolonged exposure.
Storage	Contents under pressure. Do not puncture, incinerate or crush. The pressure in sealed containers can increase under the influence of heat. Keep away from heat and sources of ignition. Do not expose to heat or store at temperatures above 120°F/49°C as can may burst. Avoid exposure to long periods of sunlight. Store in a well-ventilated place. Keep in an area equipped with sprinklers. Keep out of the reach of children. Keep away from food, drink and animal feedingstuffs. Level 3 Aerosol.
	8. Exposure Controls / Personal Protection

Exposure limits

13. Disposal Considerations

Disposal instructions

Contents under pressure. Do not puncture, incinerate or crush. This product, in its present state, when discarded or disposed of, is not a hazardous waste according to Federal regulations (40 CFR 261.4 (b)(4)). Under RCRA, it is the responsibility of the user of the product to determine, at the time of disposal, whether the product meets RCRA criteria for hazardous waste. Dispose in accordance with all applicable regulations.
