K013

**Attention:**

Use after a visit to a swimming pool, the bath and body oil helps counteract the unpleasant odour of chlorine.

Removes tar stains after a walk along the beach.

Every type of oil, including cooking or edible fat or oil attacks nail varnish. BIOMARIS bath and body oil has the same effect – the consumer should be given this information.

Application:

**Used as a bath oil**

Fill inner part of the top with oil and add to running water.

**Used as a body oil:**

Massage into damp skin after showering.
