- regulates and controls the fat and moisture balance
- soothes and refreshes
- cleans up the skin and gives it a silky-matt appearance

Active agents:

- deep sea water
- algae extract
- camomile extract
- complex of caolinite

Galenics:

- o/w emulsion
- lipid content: 18%
- pH-value: 6.2 - 6.7

Retail size:
Art.-No.:

50 ml dispenser
205

Cabin size:
Art.-No.:

250 ml jar
K205

Attention:

Remove securing device from dispenser opening before using for the first time.

Application:

Apply a bigger quantity on the cleaned skin – leave out the eye area. For the sensitive eye area we recommend an eye compress with BIOMARIS soft facial tonic. Remove the mask with warm water or compress after approx. 15-20 minutes. Apply thereafter day or night care.
